

COMMERCIAL RECYCLING

A recycling guide for Merced County businesses,
contractors, organizations, and schools

Updated July 2011

Provided by the:

Commercial Recycling Guide

This guide is provided by the Regional Waste Management Authority for Merced County as a public service to Merced County's commercial businesses, industries, organizations and schools, as well as to contractors and builders to assist with waste management plans.

The guide lists transporters (haulers), recyclers, and/or reuse locations of materials listed in the Table of Contents. Please note the following:

- Call companies for more information and associated costs.
- Some companies accept multiple types of materials either separated or co-mingled together.
- Unless labeled as a "drop off" site, please call a listed company before bringing materials. Appointments may be required.
- Addresses labeled as "FACILITY" do not accept mail. Call for mailing addresses if necessary.
- The City of Merced is the authorized hauler for recyclables within Merced city limits. Please obtain permission from the City of Merced Dept. of Public Works at 209-385-6800 before contacting another hauler.
- For new construction projects/waste management plans: the 2011 CalGreen Building Code requires 50% of all new construction materials to be diverted and 100% of excavation soil to be diverted. More information on the 2011 CalGreen Building Code can be found at www.bsc.ca.gov/CALGreen/default.htm.

Please visit www.mercedrecycles.com for more recycling guides, such as the *Agricultural Recycling Resource Directory* for materials specific to the agricultural community, and the *Merced County Community Recycling Centers* for CRV buyback centers and small-scale drop off locations.

A recycling program
may potentially
decrease disposal costs
by having materials
used as resources
instead of wasted.

Call Regional Recycling Information at (209) 723-3153 ext. 315
for assistance on:

- How to start a recycling program,
- How to choose the level of recycling service, and
- How to locate services in your area.

Or e-mail: mercedrecycles@mcagov.org.

Other information is available at www.mercedrecycles.com.
